

Press Release

Multi booth showcase for Vuzix Wearable Technology during Mobile World Congress 2014

Established partnerships bring smart glasses and video eyewear to show floor

Rochester, NY & Oxford, England (February 21, 2014) – [Vuzix Corporation](#) (OTCQB: VUZI), a leading supplier of Video Eyewear and Smart Glasses products in the consumer, commercial and entertainment markets, is bringing its range of smart glasses and HD video eyewear to numerous booth locations at Mobile World Congress this year.

When the world's technology and telecoms industries descend on Barcelona next week it will be hard to avoid seeing Vuzix' award winning M100 smart glasses, V720 video headphones and other eyewear products. Vuzix itself will be showcasing the product range at Sunday's ShowStoppers event, while strategic partners will take the products to the show floor throughout the congress. In addition, on the BrilliantService booth (Hall 8.1 Stand 8.1F41) a demonstration of the custom OEM Mirama HMD is being shown, a product based on Vuzix display engines, which further demonstrates the flexibility of becoming a partner of Vuzix.

Attendees to the congress can view Vuzix devices in action at the following locations:

Showstoppers Sunday 23rd 16:00 – 19:00 (Palau de la Música, 4-6 - 08003 Barcelona) – where Vuzix' management team will be demonstrating its:

- CES Awarding winning V720 Video Headphones
- CES Best of Innovations [M100 Smart Glasses](#)
- World's first waveguide based HMD the M2000AR for enterprise
- And of course it's acclaimed HD Wrap 1200DX series wearable displays for entertainment

Throughout the congress week, Vuzix M100 devices can also be seen on the following partner stands:

- [Docomo](#) – Hall 1- Stand 1B04MR and Stand 1A34
- [SAP](#) – Hall 6- Stand 6A30
- [Metaio](#) – Hall App Planet, Hall 8.1- Stand 8.1G47
- [Wikitude](#) – Hall App Planet, Hall 8.1 – Stand 8.1B61
- [BrilliantService](#)- Hall App Planet, Hall 8.1 Stand 8.1F41

Paul Travers, CEO Vuzix said, "MWC is a key event for Vuzix, we're delighted that the partnerships we created throughout 2013 have enabled us to have significant presence at this year's congress. We look forward to demonstrating the variety of useable applications that are being created for the M100 and M2000AR devices, greeting the world's media during the showstoppers event and discussing future applications with existing and future users of our products."

"2014 is truly the year of wearable computing," Thomas Alt, CEO Metaio said. "For augmented reality, it's important to have a natural and intuitive form factor that enhances the user experience; we're fortunate to have partners like Vuzix who can provide just that, both to our services clients and the developers on the Metaio SDK platform."
