Vuzix Wins Four 2015 CES Innovation Awards

Company has collected 20 CES Innovation Awards in 11 Consecutive Years

November 12, 2014 – Rochester, NY – [Vuzix® Corporation](#) (OTCQB: [VUZI](#)), a leading supplier of Video Eyewear and Smart Glasses in the consumer, commercial and entertainment markets, today announced that it has been named a 2015 CES Innovation Awards Honoree, receiving 4 Innovation Awards for the V-720 *Mobile Gaming Platform*. The V-720 *Mobile Gaming Platform* won in four separate categories: Computer Accessories, Gaming Hardware and Accessories, Wireless Handset Accessories, and Headphones. The products chosen were judged by a panel of independent industrial designers, engineers, and members of the trade media to honor outstanding design and engineering in cutting edge consumer electronics products across 28 product categories. Vuzix has now won a total of 20 CES Awards over 11 consecutive years.

Vuzix' V-720 *Mobile Gaming Platform* will be displayed at the 2015 International CES, which runs Jan. 6-9, 2015, in Las Vegas, Nevada. Honorees of the prestigious Innovations Awards were announced at CES Unveiled on November 11th at the Metropolitan Pavilion, New York.

The Vuzix V-720 *Mobile Gaming Platform* is a high-end pair of video headphones coupled with the Nvidia® shield portable, providing consumers with a wearable gaming solution that is simply second to none. The V-720 *Mobile Gaming Platform* features HD 720p high-definition displays with a large field of view, equivalent of a home theater's 130" screen viewed at 10 feet. Casual users and serious gamers can enjoy more than 1,000,000 Android games, apps, and movies for an unrivaled mobile gaming experience. The unit also supports HDMI inputs, so the user can hook up to their mobile phone, tablet, console system, PC, and even 3D Blu-ray players. The V-720 *Mobile Gaming Platform* creates the most advanced mobile gaming system to enter the consumer market, capable of playing basic games to some of the most advanced interactive Virtual Reality and 3D titles available.

"We are incredibly honored to have won 4 CES 2015 Innovation Awards," said Paul Travers, President and CEO of Vuzix. "CES Innovation Design and Engineering Awards are coveted awards in the consumer electronics industry. These awards are a testament to our products, our brand, our dedicated staff and our leading presence in the industry. Our Company prides itself on innovation in technology and creating the best products for the consumer, prosumer and enterprise user. We are proud of the V-720 *Mobile Gaming Platform* and we believe it could revolutionize the way consumers will play games, view entertainment, use apps, and listen to music on the go."

The CES Innovation Awards entries were evaluated on their engineering, aesthetic and design qualities, intended use/function and user value, how the design and innovation of the product directly compares to
