Vuzix to Present at the 26th Annual ROTH Conference

Company to demonstrate their award-winning line of commercially available smart glasses

March 5, 2014 – Rochester, NY – [Vuzix® Corporation](#) (OTCQB: [VUZI](#)), a leading supplier of Video Eyewear and Smart Glasses products in the consumer, commercial and entertainment markets, announced today that it has been invited to present at the upcoming 26th Annual ROTH Conference. The conference will be held on March 9-12, 2014 at The Ritz-Carlton Laguna Niguel in Dana Point, California.

Event: ROTH Conference
Date: Monday, March 10, 2014
Time: 10:00 am (PT)

Vuzix CEO and President Paul J. Travers, and CFO Grant Russell will deliver a Company presentation and provide updates on Vuzix business operations including its recently announced strategy partnerships for its model M100, the world's first commercially available Smart Glasses. In addition, Vuzix will give demonstrations on its M2000AR devices, its V720 video headphones, and other eyewear products and discuss new market opportunities for its global strategy. Vuzix and SAP AG recently released a joint video demonstration titled "SAP and Vuzix brings you the future of Field Service" on the use of hands-free smart eyewear technologies (augmented reality, computer vision, and simultaneous localization and mapping) in wearable devices for enterprise use.

The video can be accessed at: <http://www.youtube.com/watch?v=UlpGDrSmg38>.

"This year has been a very active one for Vuzix as we have announced several partnerships that lay out tremendous market opportunities for our products," says Vuzix CEO, Paul J. Travers. "We are coming off a great CES where we won our 10th consecutive CES Innovation Award as well as picked up our 16th total award over that time period. We believe this is an ideal time to present at the ROTH conference and share our growth story to the investment community."

Forward-Looking Statements Disclaimer

Certain statements contained in this news release are "forward-looking statements" within the meaning of the Securities Litigation Reform Act of 1995 and applicable Canadian securities laws. Forward looking statements contained in this release relate to and include the timing and completion of the V720 video headphones and waveguides for volume manufacturing, final product features, future products incorporating waveguide technology and the value of the IP portfolio, among other things, and the Company's leadership in the Video Eyewear and AR display industry. They are generally identified by words such as "believes," "may," "expects," "anticipates," "should" and similar expressions. Readers should not place undue reliance on such forward-looking statements, which are based upon the Company's beliefs and assumptions as of the date of this release. The Company's actual results could differ materially due to risk factors and other items described in more detail in the "Risk Factors" section of the Company's Annual Reports and MD&A filed with the United States Securities and Exchange Commission and applicable Canadian securities regulators (copies of which may be obtained at www.sedar.com or www.sec.gov). Subsequent events and developments may cause these forward-looking statements to change. The Company specifically disclaims any obligation or intention to update or revise these forward-looking statements as a result of changed events or circumstances that occur after the date of this release, except as required by applicable law.
