

Vuzix VR Manager 3.0 software expands eyewear compatibility and title support

Vuzix VR Manager 3.0

Free software download expands supported titles list and now offers VR support to Vuzix Wrap 920 video eyewear compatibility

Rochester, NY – August 3, 2010 – [Vuzix Corporation](#) (TSX-V: VZX), the leader in video eyewear for the consumer, defense and low vision markets, is delighted to announce the immediate release of VR Manager 3.0. This software package, available for free download from the Vuzix website, enables virtual reality capabilities for the Vuzix iWear VR920 virtual reality eyewear and as well as the newly supported Wrap 920 video eyewear connected to a Windows personal computer through a Wrap VGA Adapter. Support is also provided for the soon-to-be-released Wrap Tracker 6TC and Wrap 920AR video eyewear. VR Manager 3.0 provides a streamlined user interface and 3D video and/or head tracking more than 120 titles.

“The VR Manager 3.0 provides improved support for our existing iWear VR920 customers and now offers the same VR capabilities for Wrap 920 owners that connect to a PC with our Wrap VGA Adapter,” said Vuzix CEO, Paul Travers. “As with our previous VR software for the VR920, this easier to use product is compatible with virtually all graphics cards running on a 32 or 64 bit version of Windows 7, Vista or XP,” added Travers.

The VR Manager 3.0 features include:

- An Improved Vuzix Gaming Experience:
 - New and simplified graphical user interface.
 - Combined Calibration and Extension Monitor programs for straightforward VR920 functionality.
 - Includes tools to simplify hardware testing and troubleshooting.
- Increased 3D Capability:
 - Offers over 120 Vuzix Extensions, adding stereoscopy and/or tracking support for the iWear VR920 and the new Wrap 920.
 - Vuzix Extensions can now be developed and imported independent of the VR Manager updates. Previously, extensions could only be added with a new release of the VR920 Monitor application.
 - Users will have access to the Vuzix VR SDK, a royalty free development kit that will enable software developers to incorporate stereoscopic video and head tracking support for the iWear VR920 and Wrap eyewear and tracker into their software projects.
- Easy Download Process:
 - Free and effortless download on the Vuzix website.
 - Its “Device Aware” software auto-configures options and settings depending on which model (the Wrap or iWear) is plugged in.

The VR Manager 3.0 is available now and the Wrap Tracker will soon be released. For more information or to download the free software, please visit www.vuzix.com.

Forward-Looking Statements Disclaimer

Certain statements contained in this release are "forward looking statements" within the meaning of the Securities Litigation Reform Act of 1995 and applicable Canadian securities laws. Forward looking statements contained in this release may relate to, among other things, future products, product features and applications. They are generally identified by words such as "plans," "seeks," "believes," "may," "expects," "anticipates," "should" and similar expressions. Readers should not place undue reliance on such forward-looking statements, which are based upon the Company's beliefs and assumptions as of the date of this release. The Company's actual results could differ materially from those projected in the Company's forward-looking statements due to, among other things, our ability to raise necessary capital; government regulation of our technologies; our ability to enforce our intellectual property rights and protect our proprietary technologies; the timing of new product launches; delays in product development; and dependence on third parties for certain key components. These risk factors and others are described in the Company's reports filed with the United States Securities and Exchange Commission and applicable Canadian securities regulators. Subsequent events and developments may cause these forward-looking statements to change. The Company specifically disclaims any obligation or intention to update or revise these forward-looking statements as a result of changed events or circumstances that occur after the date of this release, except as required by applicable law.
