

VUZIX® BLADE™

Augmented Reality Smart Glasses – Prosumer

For work and play – the Vuzix Blade™ are the first Augmented Reality (AR) Smart Glasses featuring advanced waveguide optics for hands-free mobile computing and connectivity.

Perfect for any user, the Vuzix Blade delivers enhanced functionality for your on-the-go, hands-free, mobile computing requirements. Now you can stay connected and navigate without your phone in your hands. Ideal for mobile applications – from social media such as Facebook to navigation, light augmented reality, HD photography and video recording. Use the Blade to track your health levels for fitness

Provides mapping and distance to hole data

activities like jogging, biking, and skiing, to getting the Yelp score for your next dinner.

The Vuzix Blade Smart Glasses are completely untethered, and support both Wi-Fi and Bluetooth connectivity.

And they deliver a “hands free” connection of the digital world to the Real World, providing unprecedented access to location-aware connected information, and more. The private, see thru, full color, bright, high resolution display screen performs both indoors or in sunlight. The Vuzix Blade – is your very own wearable, connection to your digital life.

Access to location aware travel information
